

Welcome to 5th grade!

This year we will be investigating and learning all kinds of new and interesting things about ourselves and our world. We'll read some great books together, take part in some cool science experiments, and learn many new concepts in math.

We're happy to say that our classroom provides almost everything you need for school this year- pencils, binders, notebooks, journals, folders, paper, colored pencils, markers, highlighters, glue, post-it notes, etc. There is no need for sharpeners, pencil boxes, or pouches-everything is waiting for you at school! The only things you will need to bring are: a backpack, a sports style water bottle, (non-tin is best) and a daily healthy snack. Headphones are provided and not shared but you are welcome to bring in your own headphones.

If you'd like to donate to our class, we can always use:

- ☐ Tissues
- ☐ Cleaning Wipes
- ☐ Paper towels
- ☐ Ziplock bags-gallon, sandwich and snack sizes

Keep reading and enjoy the rest of your summer! We look forward to seeing you and beginning this exciting school year together.

-Mrs. Kelley, Mr. Kupinsky and Mrs. Greabell :)
